

RATES AT THE GLEN SPRINGS

Weekly rates at The Glen Springs include not only room and meals, but also all medical services and treatments which are required in the usual case. This includes a full physical examination on arrival and daily consultations with a member of the Medical Staff. It also includes all baths, massage, electrotherapy and treatments of any kind that may be prescribed by the physician. Specially prepared diets served in the dining room at the regular meal hour are included. There is no charge for the use of the Golf Course by guests paying the weekly rate.

Services which vary with the individual case are not included in the regular rate and, therefore, an extra charge is made for laboratory, X-ray, electrocardiograph examinations, medicines, meals served in the room, diets served in the room or at other than regular meal hours and items of a similar nature. Calls for a physician or nurse between 10:00 P. M. and 8:00 A. M. will be charged for.

Guests should not make the mistake of comparing our prices with those of Hotels or with those of other Health Resorts, because of the inclusive nature of our rates.

The present schedule of prices is as follows:

Single rooms with running hot and cold water \$112.00, \$119.00.

Single rooms with running water and toilet \$126.00, 133.00.

Single rooms with private bath \$140.00, \$154.00, \$168.00.

Double rooms with running water \$196.00, \$210.00, \$224.00.

Double rooms with running water and toilet \$238.00.

Double rooms with private bath \$252.00, \$266.00, \$280.00.

Sitting room, bedroom and bath for one person \$196.00.

Sitting room, bedroom and bath for two persons \$280.00, \$294.00.
